

## Food and Agriculture Organization (FAO) Holds Workshop at the Sugar Regulatory Administration

The Food and Agriculture Organization (FAO) held its workshop on January 20 – 24, 2014 at the Training Room, Sugar Regulatory Administration. The workshop aimed to provide the National Biofuel Board's (NBB) technical working group with a basic tool for the rapid appraisal of the technical and socio-economic viability of biofuels crops in the Philippines as an energy option.
