The following were the recommendations from the Committee upon inquiries from the prospective bidders:

- Certificate of Eligibility in lieu of Class “A” documents may be issued for ISIS since they were declared eligible during the opening of bids for the supply and delivery of Laboratory Equipment on August 13, 2018.
- Winning bidder is required to supply chemicals with longer expiration dates and to strictly comply with the delivery terms.
- Packaging should be as required and can neither be combined nor divided since these will be distributed among different units.
- Bid documents should be labeled/tabbed according to the checklist.

With no further inquiries, conference was declared adjourned at 3:00 p.m.
